PROFESSIONAL SUMMARY

Committed and results-driven Bachelor of Business Information Technology graduate with high level expertise in software development with a deep understanding of the Software Development Life Cycle. I have experience working with various web development technologies such as Python (Flask and Django), JavaScript (Angular and React) and PHP (Laravel) plus a history of repeated success in directing projects from inception to execution by strategically allocating resources and delegating tasks to achieve on-time, on-budget delivery.

TECHNICAL SKILLS

Strong: Python-Django framework, REST APIs, HTML5 & CSS3, JavaScript, Git, Angular, Functional testing, PostgreSQL, MySQL and FireBase.

Experienced: Laravel framework and React JS.
